⛳ **Join the team at one of Europe's standout golf destinations!**

Zala Springs Health & Golf Resort is looking for a **Golf Course Mechanic / Agricultural Machinery Technician** to join our golf course maintenance team in Hungary.
Our 18-hole international championship course was designed by **Robert Trent Jones Jr.** and is the only course of its kind in Hungary. In 2026, Zala Springs was ranked **19th in Europe by LeadingCourses**. You'll help keep the specialist machinery behind this course in excellent condition and ready for the season.

🔧 **Your responsibilities**

- Maintain, inspect and repair golf course machinery, primarily Toro mowers
- Diagnose faults, sharpen blades and cutting reels, and keep accurate service records
- Source spare parts and liaise with suppliers and service partners
- Help ensure that machinery is operated safely and reliably

🔍 **What we're looking for**

- A relevant vocational qualification and knowledge of agricultural machinery
- A valid Category B driving licence and basic computer skills
- The ability to work with technical manuals and documentation in English
- An independent, accurate and responsible approach to work
- Must be an EU/EEA citizen or otherwise eligible to obtain the necessary work authorisation for Hungary
- Availability for occasional on-call duties and weekend work

✅ **What we offer**

- A competitive compensation package
- Discounted hot meals
- Stable, long-term employment
- A varied role with independence and responsibility
- Accommodation may be available for candidates relocating from farther afield or abroad, subject to individually agreed terms

📍 **Kehidakustány, Hungary** — in the scenic Zala region, close to Lake Balaton and Hévíz

📩 **Interested? Send your CV to** hr@zalasprings.hu
